(a.k.a. A. K.), 3. V

# Digital dannelse

- på Teknisk Gymnasium Silkeborg

*“Bare de ikke spørger mig,  
hvad digital dannelse er!”*

- Mig

- *Informationssøgning*
- *at kunne læse multimodale tekster*
- *at kunne producere multimodale tekster*
- Tænketank for Digital Dannelse i Gymnasieskolen

## Bilag 2

**Studieområdet – htx, juni 2013**

## 1. Identitet og formål

## 1.1. Identitet

Studieområdet er et fagligt samarbejde med udgangspunkt i de teknologiske og naturvidenskabelige fagområder og med inddragelse af de humanistiske og samfundsfaglige fag områder. Studieområdet beskæftiger sig med sammenspillet mellem teori og praktisk arbejde, og der indgår eksperimenter og værkstedsarbejde hver for sig og i kombination.

Studieområdets faglighed omfatter særfaglige og overfaglige elementer. Det særfaglige er karakteriseret ved at bidrage til opfyldelse af mål for de fag, der indgår i studieområdet. Det overfaglige består af samspil mellem fagene, et metodisk element og et element om videnskab og vidensformer. Det metodiske element omfatter fagenes studieteknikker og arbejdsmetoder. Elementet om videnskab og vidensformer omfatter vidensproduktion og videnskabelige metoder inden for uddannelsens fagområder samt de tanker og teorier, der ligger bag.

## 1.2. Formål

Studieområdet har til formål at sætte eleverne i stand til at anvende uddannelsens studie- og arbejdsmetoder, at udvikle elevernes refleksion og kritiske sans i anvendelsen af faglig viden og faglige metoder samt at give indsigt i sider af videnskab, så de gennem grundforløbet udvikler sig fra at være grundskoleelever til at være gymnasieelever, og så de gennem studieretningsforløbet udvikler sig til at kunne blive studerende i et videregående uddannelsesforløb.

*“The Dumbest Generation: How  
the Digital Age stupefies Young  
Americans and Jeopardizes Our  
Future [Or, Don't Trust Anyone  
Under 30]”*

- Mark Bauerlein

*“Medier er at forstå som rene køretøjer, der afleverer instruktioner, men som ikke påvirker den studerendes resultater ... ligesom en lastbil, der afleverer varer, ikke i sig selv forårsager forandringer i ernæringen.”*

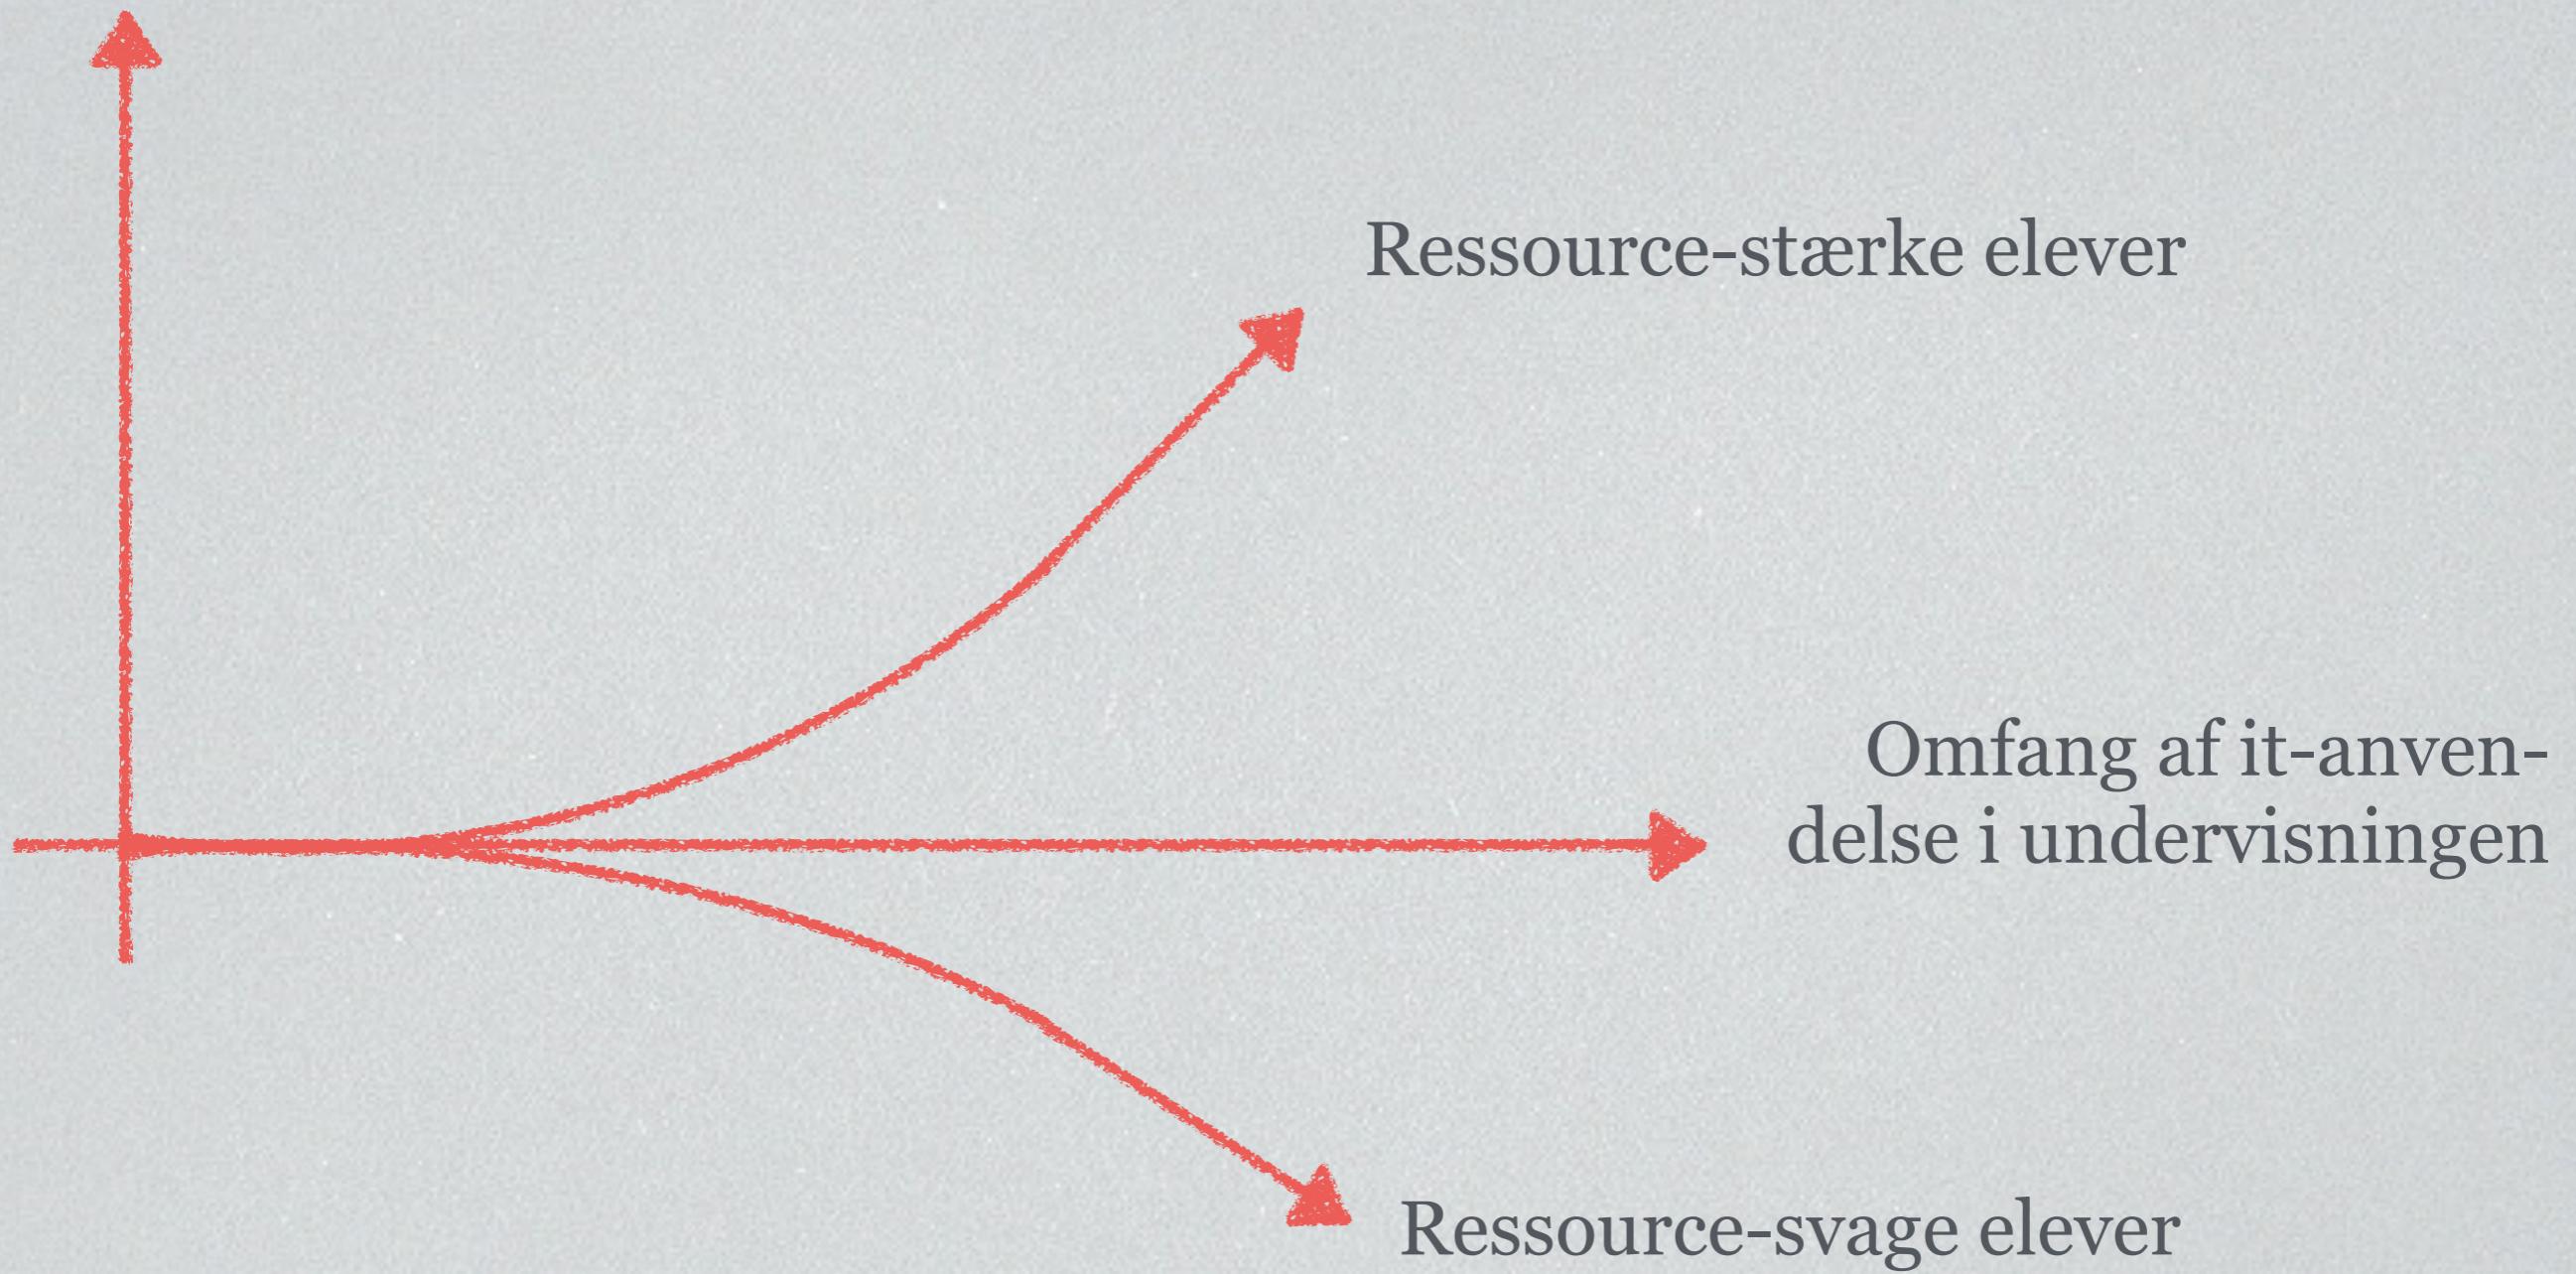

- Richard E. Clarck

*“Forskningsdata og viden om,  
hvad it i undervisningen gør  
ved læringen, spiller ikke  
nogen særlig rolle for  
skolernes ledelse og skolernes  
praksis”*

- Francesco Pedro, OECD, 2009

Læringsudbytte

SÅ!

- At tænke over it's betydning, samle forskningsdata, læse og danne os et teoretisk grundlag
- At udarbejde passende studieområdeformulering, forløb og læringsmateriale ud fra samme overvejelser
- Implementere i studieområdet og så evaluere

Hvordan former IT eleverne, og  
hvordan kan de blive bedre  
studerende med den forståelse?

Hvordan former it uddannelserne  
og arbejdsmarkedet, og hvordan  
kan eleverne reagere bedst ud fra  
den viden?

*“Vi former vores værktøjer, og  
vores værktøjer former os.”*

- John Culkin (Marshal McLuhan)

*“Teknologi er hverken god  
eller ond. Ej heller er den  
neutral.”*

- Melvin Kranzberg

Hvordan vælger eleverne selv  
applikationer, der forbedrer  
deres læringsudbytte og former  
dem positivt?

Eksempel:

*Valg af app til fokuseret  
skrivearbejde - træning  
(formning) af koncentration  
og reflekteret skriveproces*

*“[..] easily distracted generation with short attention spans”*

&:

*“[..] do more to distract students than to help them academically”*

- PEW Research Center, 2012

A plain in Denmark.

Enter FORTINBRAS, a Captain, and Soldiers, marching

PRINCE FORTINBRAS Go, captain, from me greet the Danish king;

Tell him that, by his licence, Fortinbras

Crosses the conveyance of a promised march

Over his kingdom. You know the rendezvous.

If that his majesty would aught with us,

We shall express our duty in his eye;

And let him know so.

Captain I will do't, my lord.

PRINCE FORTINBRAS Go softly on.

Exeunt FORTINBRAS and Soldiers.

Enter HAMLET, ROSENCRANTZ, GUILDENSTERN, and others.

HAMLET Good sir, whose powers are those?

Captain They are of Norway, sir. 10

HAMLET How purposed, sir; I pray you?

Captain Against some part of Poland.

HAMLET Who commands them, sir?

Captain The nephews to old Norway, Fortinbras.

HAMLET Goes it against the main of Poland, sir,

Or for some frontier?

Captain Truly to speak, and with no addition,

We go to gain a little patch of ground

That hath in it no profit but the name.

To pay five ducats, five, I would not farm it; 20

Nor will it yield to Norway or the Pole

A ranker rate, should it be sold in fee.

HAMLET Why, then the Polack never will defend it.

Captain Yes, it is already garrison'd.

HAMLET Two thousand souls and twenty thousand ducats

Will not debate the question of this strake:

This is the impostume of much wealth and peace,

That inward breaks, and shew no cause without

Why the man dies. I humbly thank you, sir.

Captain God be wi' you, sir. 30

Exit

ROSENCRANTZ Will please you go, my lord?

HAMLET I'll be with you straight go a little before.

Exeunt all except HAMLET.

How all occasions do inform against me,

And spur my dull revenge! What is a man,

If his chief good and market of his time

That can I;  
At least, the whisper goes so. Our last king,  
Whose image even but now appear'd to us,  
Was, as you know, by Fortinbras of Norway,  
Thereto prick'd on by a most emulate pride,  
Dared to the combat; in which our valiant Hamlet--  
For so this side of our known world esteem'd him--  
Did slay this Fortinbras; who by a seal'd compact,  
Well ratified by law and heraldry,  
Did forfeit, with his life, all those his lands  
Which he stood seized of, to the conqueror:  
Against the which, a moiety competent  
Was gaged by our king; which had return'd  
To the inheritance of Fortinbras,  
Had he been vanquisher; as, by the same covenant,  
And carriage of the article design'd,  
His fell to Hamlet. Now, sir, young Fortinbras,  
Of unimproved mettle hot and full,  
Hath in the skirts of Norway here and there  
Shark'd up a list of lawless resolutees,  
For food and diet, to some enterprise  
That hath a stomach in't; which is no other--  
As it doth well appear unto our state--  
But to recover of us, by strong hand  
And terms compulsatory, those foresaid lands  
So by his father lost: and this, I take it,  
Is the main motive of our preparations,  
The source of this our watch and the chief head  
Of this post-haste and romage in the land.|
